

BIRD'S NEST

A BIRD'S NEST in soft tan chambray or broadcloth is contrived along modern angles to enclose nine bright blue-green cubist eggs. The whole forms a really lovely block to use in a whole quilt or for a gay little patchwork pillow about 14 inches square. By the way, a boxed edge of the blue squares and white triangles would be a perfect finish for such a pillow. It would even be worth while to piece such a border for the quilt.

Cardboard cutting patterns are made from the 5 here given. Mark around these onto material, but cut a seam larger sewing back to the pencil line.

Material Estimate: This quilt sets together with plain white blocks and a six-inch border which makes it finish about 82 inches square. For the 13 pieced blocks and 12 plain ones, and border you will need 1 1/2 yards of tan, 1/2 yard blue, and 7 yards of white.

Perforated pattern No. 328, the President's Wreath, at 25 cents, would exactly fit the plain squares and twisted cable border No. 258, also 25 cents, would space beautifully onto the 6-inch plain band.
